Plan of Study

The following plan of study is for a student with zero credits. Individual students may have different factors such as: credit through transfer work, Advanced Placement, Running Start, or any other type of college-level coursework that requires an individual plan.

Courses could be offered in different terms, checking the academic schedule is paramount in keeping an individual plan current. **Students should connect with an advisor to ensure they are on track to graduate.**

All Undergraduate students are required to meet the Undergraduate Degree Requirements (<http://catalog.ewu.edu/undergraduate-degree/>).

Use the Catalog Archives (<http://catalog.ewu.edu/archives/>) to determine *two important catalog years*.

Requirements in Degree Works (<https://inside.ewu.edu/records-and-registration/degree-works/>) are based on these two catalog years:

- The catalog *in effect at the student's first term* of current matriculation is used to determine **BACR** (Breadth Area Credit Requirements) **and** **UGR** (Undergraduate Graduation Requirements).
- The catalog *in effect at the time the student declares a major or minor* is used to determine the program requirements.

Students who earn a BS in Biology with Biotechnology from EWU should be able to:

- demonstrate knowledge of biotech-specific approaches for development of new or improvement of existing products
- demonstrate knowledge of evolution, molecular biology, and cell biology;
- design laboratory or field experiments;
- interpret observations through the creation, testing, and analysis of hypotheses;
- inspect data and apply basic statistics to their analysis and communication;
- write reports and prepare and deliver oral reports that:
 - demonstrate ability to use scientific journals, periodicals, and electronic media to access current biological information;
 - demonstrate ability to evaluate journal articles from the primary literature.

Application for Graduation (use EagleNET (<https://inside.ewu.edu/eaglenet/>)) must be made at least two terms in advance of the term you expect to graduate (undergraduate and post-baccalaureate).
