

MILITARY SCIENCE MAJOR, BACHELOR OF ARTS (BA)

Although not required for completion of the basic course or the advanced course, the department does offer both a major and a minor in Military Science **with permission only**. The major in Military Science is designed to give the student interested in a military career a broad background in various academic areas.

Note:

- many courses must be repeated;
- many of the listed courses require prerequisites, check the course description;
- the major will require more than 12 terms (or four years) to complete at an average of 15 credits per term;
- two years of a single high school world language or one year of a single college-level world language is required.

Application for Graduation (use EagleNET (<https://inside.ewu.edu/eaglenet/>)) must be made at least two terms in advance of the term you expect to graduate (undergraduate and post-baccalaureate).

Use the Catalog Archives (<http://catalog.ewu.edu/archives/>) to determine *two important catalog years*.

Requirements in Degree Works (<https://inside.ewu.edu/records-and-registration/degree-works/>) are based on these two catalog years:

- The catalog *in effect at the student's first term* of current matriculation is used to determine **BACR** (Breadth Area Credit Requirements) **and** **UGR** (Undergraduate Graduation Requirements).
- The catalog *in effect at the time the student declares a major or minor* is used to determine the program requirements.

Students who earn a BA in Military Science from EWU should be able to:

- critically analyze the current Operational Environment in which our Armed Forces are deployed to better prepare to serve as a Platoon Leader;
- know and apply a basic understanding of Army operations, training management, safety, risk management, counseling and communications as a member of the Cadet Battalion Chain-of-Command;
- know and apply basic individual and unit military skills and leadership while functioning in a tactical environment as a member of a squad or platoon;
- know and apply time management skills and troop leading procedures to develop and articulate a complete five paragraph Operations Order.
