EWU currently offers educational opportunities to students in multiple state jurisdictions through distance education. In accordance with state and federal initiatives, all universities offering educational activities, including but not limited to online learning, correspondence, internships, practicums, and field placements, outside of their home state must be authorized by each state in which they offer courses. EWU is monitoring developments in state laws in every state. For the most up-to-date information, review the State Authorization (<https://www.ewu.edu/state-authorization/>) website.

EWU's Non-Discrimination Policy

EWU does not discriminate in its programs and activities on the basis of race, color, creed, religion, national origin, citizenship or immigration status, sex, pregnancy, sexual orientation, gender identity/expression, genetic information, age, marital status, families with children, protected veteran or military status, HIV or hepatitis C, status as a mother breastfeeding her child, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service animal by a

person with a disability, as provided for and to the extent required by state and federal laws.
