

DENTAL HYGIENE, BACHELOR OF SCIENCE IN DENTAL HYGIENE (BSDH)

Sarah C. Jackson, Program Director
program web page (<https://www.ewu.edu/chsph/dental-hygiene/degree-completion-bs/>)

BSDH degree completion opportunities are for licensed dental hygienists who desire a baccalaureate degree and have associate degrees from two-year community colleges accredited by the Commission on Dental Accreditation (CODA) and regional higher education accrediting bodies. This is an interdisciplinary program in conjunction with the Health Science Program and has a separate Capstone class specific to the BSDH Degree-Completion program.

EWU accepts a maximum block transfer of 74 quarter credits from an Associate in Applied Science dental hygiene degree program accredited by the Commission on Dental Accreditation and regional higher education accrediting bodies. In addition, to fulfill the EWU requirements for the EWU BS in Dental Hygiene, students must complete the required Dental Hygiene courses (40 semester credits/60 quarter credits) and any other degree requirements, as identified by a program advisor after transcript evaluation.

All courses are taught fully online via Canvas, an online learning management system that allows students to submit assignments, contact the course instructor, collaborate with fellow students, participate in discussions, and even videoconference from virtually anywhere.

General Admission Requirements For The Online BSDH Degree Completion Program.

- A current dental hygiene license in the U.S. or Canada.
- Associate degree from a CODA and regional accredited dental hygiene program in the U.S. or Canada.
- Successful completion of the Dental Hygiene National Board examination or its Canadian equivalent.

2 Dental Hygiene, Bachelor of Science in Dental Hygiene (BSDH)

- a. The catalog *in effect at the student's first term* of current matriculation is used to determine **BACR** (Breadth Area Credit Requirements) **and** **UGR** (Undergraduate Graduation Requirements).
- b. The catalog *in effect at the time the student declares a major or minor* is used to determine the program requirements.

Students who successfully earn a Bachelor of Science In Dental Hygiene from EWU should be able to do the following:

- apply translational research findings to evidence-based practices in the professional roles of the dental hygienist;
- assess the role of the dental hygienist on an interprofessional health care team;
- create an electronic portfolio that validates their effectiveness as an ethical and moral dental hygiene professional;
- develop programs that promote collaboration with other professionals for the health and well-being of a diverse society;
- synthesize theoretical and empirical knowledge from dental hygiene, scientific and humanistic disciplines into the professional roles of the dental hygienist.
