

ASSOCIATE OF ARTS AND SCIENCES (AAS)

This Associate of Arts and Sciences (AAS) degree meets the ICRC guidelines for the DTA. The award of the AAS degree will help students identify a pathway toward a Bachelor degree. The intended audience for this degree are former EWU students who have credits but no degree.

Students will be able to complete unmet requirements by finishing requirements through standard course offerings, including online courses, and students will be allowed to transfer courses back to the university to meet degree requirements. Contact your academic advisor.
