- Education=Elementary Education/Add-on Endorsement (http://catalog.ewu.edu/archives/2017-2018/arts-letters-education/education/elementary-add-on-endorsement)
Teaching is among the most challenging and personally rewarding of professions. The essential role of the professional educator is to bring together his/her knowledge of subject matter, instructional strategies and interpersonal skills to provide learning experiences for students. In addition, the contemporary teacher must be able to individualize instruction, must be sensitive to developmental and socio-cultural issues involving the learner, make adjustments to instruction based on assessment and provide evidence of positive impact on student learning.

The EWU Department of Education offers a comprehensive Teacher Education program, culminating with a baccalaureate degree and a Residency Teaching Certificate, to candidates who wish to teach in either P-3, elementary or secondary school settings. To obtain a Bachelor of Arts in Education degree, a candidate must satisfy the General Education Core Requirements (GECR), Professional Education Program core requirements as well as required courses in the major field of study at Eastern Washington University. Upon satisfying requirements for the baccalaureate degree, the candidate may be eligible to receive a Residency Teaching Certificate from the state of Washington, providing the candidate meets all certification requirements.

The final authority for approval of certification endorsements resides within the Washington Office of the Superintendent of Public Instruction and in the event certification requirements change, the candidate must adhere to the new requirements.

**Statement of Assurance**
EWU’s Department of Education assures that each candidate is able to apply the teaching strategies, the classroom management/school discipline methods and the measurement and evaluation process necessary for success as a first-year certificated teacher.

This assurance guarantees that the candidate has successfully completed EWU’s (Department of Education) Teacher Education Program, as approved by PESB. The assurance is contingent upon appropriate placement of the candidate within certification endorsement areas.

In the event the candidate displays a lack of competency in any of these pedagogical practices during the first year of teaching experience, EWU’s Department of Education will cooperate with the school district to assist the candidate in improving his/her performance. EWU services will be provided at no cost to the school district or to the candidate.

This assistance will be offered by faculty members from the Department of Education and/or by appropriate faculty members from the Departments of Art, Biology, Business Education, Chemistry, English, French, Health, History, Mathematics, Music, Physical Education, Social Studies.
