Undergraduate Programs

Mission of the School of Social Work
The School prepares its graduates to be ethical and effective change
agents at the intersection of cultures, communities and professions. Our
graduates will practice with mindfulness about historical oppression and
hopefulness in fostering a more socially just world. We are especially
committed to educating first-generation college students and those from
underserved communities.

Vision
The School prepares social work professionals for practice in the public
sector or in those private agencies which address the needs of oppressed
and disadvantage populations. Students are provided with the necessary
values, knowledge and skills to practice within a rural/regional/small
urban service delivery system environment.

Graduates assume key professional practice roles in human service
agencies, community organizations, collaborative networks and change
focused coalitions.

The curriculum prepares students to engage in processes aimed at
empowering individuals to improve their life situation and to modify
the organizational, community and societal conditions that prevent
oppressed populations from obtaining a basic quality of life.

Through the combined commitment of the practice community and
faculty, the School prepares students at the undergraduate and
graduate levels for professional social work practice; serves place-
bound individuals by providing structured part-time, off-campus,
programs; responds to the needs of practitioners through the provision
of continuing education, staff development and consultation; and
undertakes research activities which contribute to the creation and
dissemination of knowledge relevant to the profession.

Accreditation
The School of Social Work at Eastern Washington University is accredited
at the baccalaureate and master’s levels by the Council on Social Work
Education.

Graduates of the School’s BASW Program will be able to:
• identify as a professional social worker and conduct oneself
  accordingly;
• apply social work ethical principles to guide professional practice;
• apply critical thinking to inform and communicate
  professional judgments;
• engage diversity and difference in practice;
• advance human rights and social and economic justice;
• engage in research-informed practice and practice-informed research;
• apply knowledge of human behavior and the social environment;
• engage in policy practice to advance social and economic well-being
  and to deliver effective social work services;
• respond to contexts that shape practice;
• practice professionally with individuals, families, groups,
  organizations, and communities through effectively engaging,
  assessing, intervening and evaluating.

Admissions Requirements for High School Students
Students planning to major in social work should have a strong college
preparatory background. Volunteer or employment experience with a
social service agency is also strongly recommended.

Admissions Requirements for Transfer Students and Students
Completing AA Degrees
Early planning is highly advantageous to the student. Transfer students
should make an appointment to see the Coordinator of Undergraduate/
Graduate Student Services 509.359.6482 to assist in the transfer.

Application Procedures
There are two separate application procedures for admission. Students
must be admitted to EWU and be admitted to the School of Social Work.
Students seeking admission to the social work program must submit
application materials prior to beginning the junior year, normally the
winter or spring quarters. Pre-major advising is available through the
School by calling 509.359.6482. Applications are available on our web
tage, ewu.edu/basw (http://www.ewu.edu/basw). Please visit this web
page for application deadline information.

Admissions Criteria
Admission to the program is based on cumulative GPA, a personal
statement addressed to the applicant’s motivation for choosing social
work as a career and experience relevant to social work and two personal
references from faculty or others familiar with how you could perform
social work tasks. Applications are reviewed and evaluated by faculty to

Eastern Washington University
select candidates with strong potential to enter practice upon completion of their degree work.

Before applying to the program, applicants should have completed most or all of their GECEs (General Education Core Requirements). In addition, they should have completed or be in the process of completing the university language and other EWU requirements. If these requirements are not complete at the time of application, students should have a plan to complete them and include that plan in their personal statement. Students who have not completed all of their other EWU graduation requirements shall submit a plan for accomplishing this before they will be formally admitted into the BASW Program.

School of Social Work Curriculum
The curriculum is designed to meet the goals of the program within a framework that includes a broad liberal arts education and focused professional social work education and socialization.

Social work classes and support classes with a < 2.0 are not acceptable for graduation. Credit for life experience cannot be given for any social work course.

The Field Practicum
The field practicum experience in the social work program is considered a vital element of the curriculum leading to a Bachelor of Arts degree. It is the major vehicle that permits the student to discover abilities and areas of growth, integrate theory with practice and explore the world of social welfare services. Students with prior volunteer or work experience will need to seek placements that offer new learning, different tasks, new contacts and opportunities for personal growth.

To enter the practicum, students must have completed all of the social work courses up to the point of practicum entry with a minimum average GPA ≥ 2.7. The field practicum is open to majors only. Application for the practicum is completed in spring quarter of the student's junior year. Based upon their learning objectives, students are carefully matched with public or private agency settings in diverse areas of service. Students with prior volunteer or work experience are urged to seek placements that offer different tasks, new contacts and opportunities for personal growth.

Graduate Degrees

Master of Social Work (MSW)

Graduate Program

The Master of Social Work Program was established in 1974, following authorization by the state government to meet the need for graduate professional education in social work in the Inland Northwest. The first class of graduate students was admitted in 1975, at which time the program was granted accreditation candidacy status by the Council on Social Work Education (CSWE). Full accreditation was conferred in 1977, reaffirmed in 1984, 1993, 2001 and again in 2008.

The generalist foundation or first half of the MSW program focuses on the CSWE Core Competencies:

• identify as a professional social worker and conduct oneself accordingly;
• apply social work ethical principles to guide professional practices;
• apply critical thinking to inform and communicate professional judgments;
• engage diversity and difference in practice;
• advance human rights and social and economic justice;
• engage in research informed practice and practice-informed research;
• apply knowledge of human behavior and the social environment;
• engage in policy practice to advance social and economic well-being and to deliver effective social work services;
• respond to contexts that shape practice;
• engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.

The advanced or second half of the MSW program focuses on Advanced Generalist Practice. Advanced generalist practice builds on the generalist foundation and increases the depth and breadth for practice from a multi-level and theoretically sound perspective. We are striving for a deep understanding and application of the "spirit" of social work that embraces social justice in all areas of practice.

Specifically, advanced general practice for the EWU School of Social Work prepares the student for self-directed and autonomous practice through:

• advanced knowledge and skills in assessment and intervention methods of research informed practices within a generalist framework;
• readiness for leadership in a variety of arenas and practice settings, including program development, coordination, administration and supervision;
• social action knowledge and skills in policy analysis, development, legislation action, and community development;
• integrated research knowledge and skills that prepare students to evaluate their own practice, programs, and the evidence supporting specific interventions;
• elective content, advanced knowledge and skills in specific areas of practice, such as aging, palliative care, disabilities, public health, mental health, addiction, school social work, and child welfare.

MSW Choices

The School Provides Two Options for the MSW: Campus full-time study and community-based part-time study. Advanced Standing programs are available in both campus and community-based settings. The GRE is not required for the full-time, part-time or Advanced Standing.

Full-time Campus Program: Students are admitted to the campus program every fall quarter. They follow standard academic-year calendars and complete their degrees within six quarters, excluding summers, in a program of full-time study. Because of the demands of the full-time program, full-time employment is not recommended while a student is in the program.

Part-Time Community-Based Programs: These structured outreach programs have been designed for people who cannot leave job and family to return to school on a full-time basis for a graduate education. Everett and Vancouver offer coursework two evenings per week. Spokane offers a hybrid program. Courses are held at the Riverpoint campus three weekends per quarter and the rest are online.

All part-time programs are based on a cohort model that begins once every three years. The sequencing of coursework in the part-time
programs may vary by location. The curriculum requirements for graduation are the same as those for the on-campus program; however, courses are taken over a three-year period, including summers. These programs charge differential tuition; therefore, there is a higher per-credit fee than the on-campus program to cover faculty travel, use of off-campus facilities and program coordination.

**Advanced Standing Program:** This program allows qualified BSW graduates to complete their MSW degree within three quarters and one summer term in the full-time program or in seven consecutive quarters in the part-time program. Students are admitted to the full-time campus program every fall quarter. Sequencing of Advanced Standing coursework in the part-time programs may vary by location.

**Admission to the MSW Program is based on the following:**
1. successful completion of a bachelor’s degree from an accredited college or university;
2. a cumulative grade-point average ≥3.00 in the last 90 graded quarter credits or 60 graded semester credits; b. upon recommendation of the Graduate Program Director, the Dean of Graduate Studies may admit a limited number of students, with a GPA <3.00, based upon considerations which includes performance in relevant graduate courses and faculty evaluations;
3. completion of 3 credit hours of an introductory statistics course covering descriptive and inferential statistics and basic hypothesis testing with a grade ≥2.5 (B). If you have not completed such a course, you must submit a plan in your admission material describing how you will complete this requirement prior to registering for the first quarter classes in the MSW program.

**Admission to the MSW Advanced Standing Option is based on the following:**
1. admission requirements are similar to those of the full-time program but also require a GPA ≥3.50 in undergraduate social work courses and a bachelor’s degree in social work awarded no longer than seven years before the application date. The degree must be from a CSWE accredited undergraduate social work program. No exceptions are made to policies regarding Advanced Standing;
2. applicants who have questions concerning these criteria are advised to contact the School for further information.

**Application Procedures:** Applications for each academic year are available prior to September. Early application is advised. The School reviews applications when all materials are received. Approved applicants are then pooled and final decisions are made by the MSW Admissions Committee. (Stronger applicants may be informed of the admission decision prior to the decision deadlines.) Please check the website for decision deadlines ewu.edu/msw.

**Transfer Students from other CSWE Accredited MSW Programs:** Up to 45 credits of foundation year MSW course work can transfer. Check with the graduate director for additional information.

**MSW Degree Requirements**

**Overview of the Curriculum:** The MSW program prepares professional social workers to engage in advanced generalist practice across multiple systems and provides leadership for social justice. The curriculum consists of a foundation for generalist practice and an advanced curriculum for advanced generalist practice.

The foundation curriculum focuses on social work practice, social welfare policy and theories of human behavior in the social environment. Courses include Foundations of Professional Social Work Practice, Social Work Assessment and Practice with Individuals and Families, Introduction to Social Welfare and Policy of Practice and Human Development in Contemporary Environments. Social Work Practice in a Diverse Society develops knowledge of diverse populations with whom and on behalf of whom, social workers practice. The course also explores practice principles for working with people of difference and for working in an increasingly diverse society. Social Work Intervention and Evaluation with Individuals and Families and Social Work Groups continue the development of practice knowledge and skills.

The foundation continues to prepare students for generalist practice with systems of different sizes through the course Organizational and Community Practice. Students learn to critically evaluate and use research in their practice in the course Research Methods for Program and Practice Evaluation. Students also begin the first two quarters of a five-quarter field practicum and integrative seminar near the middle of the foundation curriculum.

The MSW program requires a total of 952 hours of field practicum and 80 hours of integrative seminar sequenced over the course of the program. Before beginning their foundation practicum, two year students participate in SOWK 580 *Field Preparation* during fall quarter. After completing this course, each student is placed in a social service agency or other public or private organization related to the welfare of people. Direction and instruction are provided by a faculty member of the School, working collaboratively with a designated agency supervisor in the organization. The faculty member, the agency supervisor and the student negotiate a contract specifying student learning goals, potential field learning experiences and the means for evaluating the field learning. Agencies and organizations throughout the state of Washington in rural, urban and regional settings are used as field placements.

Students who wish to complete practicum requirements within their current or former workplace must indicate this desire to the School at the time of admission. This indication does not automatically ensure a practicum in the workplace. Consideration will be given to each request individually. Practicum placements in the workplace must conform with all of the School’s existing field practicum requirements.

Courses in the advanced portion of the curriculum prepare students for advanced generalist practice with systems of all sizes. Students develop leadership skills working with clients and communities to advance social justice, particularly for socially excluded, at-risk or marginalized populations. SOWK 602 *Clinical Diagnosis and Evidence Based Treatment*, SOWK 603 *Leadership and Management in Human Service Organizations* presents theoretical models and specific skills in engagement, assessment and intervention with individuals, families, groups, organizations and communities. SOWK 568 *Proseminar in Social Welfare Policies and Programs* examines the political context for decisions that affect the lives of clients. SOWK 525 *Research Methods II*, covers advanced research and evaluation methodologies. Students also choose 16 credits of elective courses to help focus their learning to meet their professional goals. The required Practicum and its related seminar continue throughout each quarter of the advanced portion of the curriculum.

**The Curriculum Delivery Plan**

The MSW curriculum comprises sequenced foundation and advanced coursework. On-campus, full-time students complete the curriculum in two years or six quarters. Off-campus, part-time students complete the program in a sequenced manner over the course of three years or 12 quarters.
Innovative Program Options
The School of Social Work offers several ways in which students can focus their programs of study to meet their professional goals. Certificates typically require 12 credits. In some circumstances, such as the MPA Certificate, all 12 of these elective credits may be used in lieu of Social Work electives. For other certificates only 8 credits can be used in lieu of Social Work electives. Interested students should contact the MSW Advisor, at 509.359.6482, for additional information and/or individuals associated with programs listed below.

Certification for School Social Work (http://www.ewu.edu/csbssw/programs/social-work)
The state of Washington requires certification to qualify for employment in the public school system. EWU does not manage the certification process. The School of Social Work offers the course School Social Work and School Law. While a practicum is no longer required for certification, we do offer field placements in school settings.

Addiction Studies Certificate
Grace Creasman (gcreasman@ewu.edu), 509.359.2356
The Addiction Studies Graduate Certificate is designed for persons who have completed a bachelor’s or master’s degree with a background in social work or a related field who are interested in obtaining coursework that can lead to certification as a Chemical Dependency Professional. MSW/MPA Dual Degree Program and MPA Certificate
Ning Li (ning.li@ewu.edu), 509.828.1264
Certificate: This 12 credit certificate provides interested students with content in: Planning and Budgeting, Grant Writing and Personnel Management. The Three courses provide elective credit to the MSW degree. Students may also take related courses in Public Administration without pursuing the certificate.

Dual degree: More comprehensive than a Certificate, this cooperative degree option allows students to prepare for professional employment in both social worker and public administration. Interested students are encouraged to review the catalog descriptions in Public Administration to get an overview of the coursework in this field.

Center for Studies in Aging
Sharon Bowland (sbowland@ewu.edu), 509.359.4584
The Center provides interested students an opportunity to focus their coursework and practicum experience in the growing area of practice with older adults. Many of the community-based internships offer a stipend to qualified students. The Center sponsors a Scholar-in-Residence and has established strong community and organizational linkages to develop programs that better meet the needs of our aging population.

MSW/JD Degree
Offered in collaboration with Gonzaga University Law School (http://www.law.gonzaga.edu), students complete the requirements of both professional programs. Approximately 12 credits are counted toward both programs of study. In consultation with advisors in law and social work, students are placed in practica that address the legal and psychosocial needs of vulnerable clients. Integrative seminars allow students to better identify points of intersection of social work and the law and how practice in one field can enhance work in the other.

Student Organization
The social work graduate student organization is recognized by the university as an established student organization and, as such, may request funding from the Associated Students of EWU to sponsor additional educational endeavors; e.g., workshops, guest speakers. Graduate students are encouraged to become members of the School of Social Work committees and other university and community committees and organizations.

Personal attitudes are explored in order to improve professional response to the needs of the LGBTQ communities.

SOWK 450. WOMEN AND SOCIAL CHANGE. 4 Credits.
Cross-listed: WMST 450.
Pre-requisites: junior standing.
This course examines the historical and contemporary role of women as leaders and participants in U. S. social movements. The course critiques the models and strategies used to organize communities and groups to improve the status of marginalized people.
SOWK 452. GENDER AND SEXUAL ASSAULT. 4 Credits.
Cross-listed: WMST 452.
Pre-requisites: ENGL 201.
This course addresses contemporary concerns about sexual assault, primarily, but not exclusively, against women. Feminist perspectives on gender socialization and sexual violence provide frameworks for understanding personal and societal responses to sexual violence. Dynamics of trauma and recovery, treatment, prevention and change strategies will be discussed.

SOWK 455. SOCIAL POLICY AND PROGRAMS IN AGING. 3 Credits.
Cross-listed: AGST 455.
Pre-requisites: AGST 310 or permission of the instructor.
Social welfare policies and programs serving the aging are examined, past and present, in terms of their overall impact on the aged and on society at large. The needs and gaps in services to the aged are evaluated, as well as the adequacy with which these services are delivered and the response of programs and services to the changing needs of the aged.

SOWK 456. THE OLDER WOMAN. 4 Credits.
Cross-listed: AGST 456, WMST 456.
Pre-requisites: junior standing.
This course examines the research and practice knowledge on the social, economic and health problems confronting older women. Older women's needs and potential for change are considered. The course explores U.S. social policy and program alternatives that work to improve the status and quality of life for a growing and diverse population of older women.

SOWK 457. CLINICAL ASSESSMENT IN MIDLIFE AND OLDER ADULTS. 4 Credits.
Cross-listed: AGST 457.
Pre-requisites: junior standing or permission of the instructor.
An introduction to the assessment skills required for professional social work practice in mental health and other clinical settings dealing with the elderly. The course is intended for social work practitioners.

SOWK 458. PERSPECTIVES ON DEATH AND DYING. 4 Credits.
Cross-listed: AGST 458.
This course is designed to assist students in the helping professions who wish to work with the terminally ill. Focus will be on an increased ability to deal with one's own mortality; the development of beginning skills for working with the terminally ill and their families; an understanding of the complex social system which surrounds death in modern America; as well as the current moral, ethical and philosophical issues in the field.

SOWK 459. SURVEY OF MICROSYSTEMIC PRACTICE THEORIES. 4 Credits.
Pre-requisites: BASW major.
This survey course prepares students for professional practice involving the dynamic and interactive processes of engagement, assessment, intervention and evaluation through identifying and analyzing evidence-based interventions designed to achieve client goals. Students will distinguish, appraise and integrate multiple sources of knowledge, including research-based knowledge and practice wisdom, as these inform micro systemic practice theories. Students will continue learning to use research evidence to inform practice through critical thinking.

SOWK 460. SOCIAL WORK RESEARCH. 4 Credits.
Pre-requisites: BASW major.
Prepares students to evaluate research findings and to engage in evidence based social work practice.

SOWK 461. DATA ANALYSIS FOR SOCIAL WORK. 4 Credits.
This course covers descriptive and inferential statistics. Students are introduced to software for data analysis.

SOWK 465. SOCIAL POLICY AND PROGRAMS IN AGING. 3 Credits.
Cross-listed: AGST 455.
Pre-requisites: AGST 310 or permission of the instructor.
Social welfare policies and programs serving the aging are examined, past and present, in terms of their overall impact on the aged and on society at large. The needs and gaps in services to the aged are evaluated, as well as the adequacy with which these services are delivered and the response of programs and services to the changing needs of the aged.

SOWK 456. THE OLDER WOMAN. 4 Credits.
Cross-listed: AGST 456, WMST 456.
Pre-requisites: junior standing.
This course examines the research and practice knowledge on the social, economic and health problems confronting older women. Older women's needs and potential for change are considered. The course explores U.S. social policy and program alternatives that work to improve the status and quality of life for a growing and diverse population of older women.

SOWK 457. CLINICAL ASSESSMENT IN MIDLIFE AND OLDER ADULTS. 4 Credits.
Cross-listed: AGST 457.
Pre-requisites: junior standing or permission of the instructor.
An introduction to the assessment skills required for professional social work practice in mental health and other clinical settings dealing with the elderly. The course is intended for social work practitioners.

SOWK 458. PERSPECTIVES ON DEATH AND DYING. 4 Credits.
Cross-listed: AGST 458.
This course is designed to assist students in the helping professions who wish to work with the terminally ill. Focus will be on an increased ability to deal with one's own mortality; the development of beginning skills for working with the terminally ill and their families; an understanding of the complex social system which surrounds death in modern America; as well as the current moral, ethical and philosophical issues in the field.

SOWK 459. SURVEY OF MICROSYSTEMIC PRACTICE THEORIES. 4 Credits.
Pre-requisites: BASW major.
This survey course prepares students for professional practice involving the dynamic and interactive processes of engagement, assessment, intervention and evaluation through identifying and analyzing evidence-based interventions designed to achieve client goals. Students will distinguish, appraise and integrate multiple sources of knowledge, including research-based knowledge and practice wisdom, as these inform micro systemic practice theories. Students will continue learning to use research evidence to inform practice through critical thinking.

SOWK 460. SOCIAL WORK RESEARCH. 4 Credits.
Pre-requisites: BASW major.
Prepares students to evaluate research findings and to engage in evidence based social work practice.

SOWK 461. DATA ANALYSIS FOR SOCIAL WORK. 4 Credits.
This course covers descriptive and inferential statistics. Students are introduced to software for data analysis.
SOWK 478. SOCIAL WORK WITH INDIVIDUALS. 4 Credits.
Pre-requisites: BASW major.
Applies the assessment information obtained in SOWK 475 and SOWK 476 to social work interventions with individuals. Emphasizes culturally competent interventions which build on strengths and resources in multiple environments. Continues examination of self in role of change agent.

SOWK 479. SOCIAL WORK WITH GROUPS. 4 Credits.
Pre-requisites: BASW major.
This course focuses on the social work skills for working with groups. Values, use of self, cultural competence, strengths and resources continue to be important practice skills within this new context. Critical thinking and effective communication are additional foci for knowledge and skill development.

SOWK 480. FIELD PREPARATION. 1 Credit.
Notes: graded Pass/Fail.
Pre-requisites: BASW Major.
This course prepares students to enter the social work practicum/seminar. Students will learn how to create a résumé, be interviewed for an agency placement and learn how to be a student worker within a social service environment. Students will integrate their knowledge and skills with practices in the agency.

SOWK 481. SOCIAL WORK WITH INDIVIDUALS. 4 Credits.
Pre-requisites: BASW major.
This course integrates classroom knowledge and skills with real world social agency tasks and processes student experiences in the practicum. Because the student will be asked to perform different tasks at this stage in practicum learning, the content of the seminar will likewise change.
