Undergraduate Programs

The College of Business at Eastern offers excellent business programs taught by a mix of research producing, terminally qualified faculty and experienced practitioners who are deeply engaged in their professions.

The College is known for these strengths:
• Business Administration degrees accredited by AACSB-International
• classes which allow participation and personal attention
• excellent computer systems and labs available to students
• many opportunities to engage in practical research with professors
• day and evening classes
• internship opportunities

A solid theoretical foundation balanced with practical application is critical to being successful in business. Eastern Washington University’s business programs provide that balance, with emphasis on analysis, critical thinking and intellectual inquiry. An understanding of the economic, social, ethical and legal business environment—along with principles of accounting, finance, management, marketing, production, information systems/technology, and quantitative analysis, all taught from a global perspective—is part of all Eastern’s business programs.

Transferring Business Courses from Other Institutions: Eastern Washington University has articulated agreements with all community colleges in the state of Washington and with certain community colleges in Idaho, Montana and Oregon regarding the transferability of courses into four-year degree programs. Students planning on transferring from these schools are encouraged to consult with their community college counselor and with the Academic Advisors for Undergraduate Business Programs at EWU regarding transferability of courses in Business Administration.

Coursework of students transferring from other institutions of higher education is evaluated on a course-by-course basis to determine equivalence to EWU Business Administration courses. Students seeking a degree in Business Administration must complete a minimum of 50
percent of business credit hours required for the degree in residence at EWU. Additionally, students must complete a minimum of 50 percent of the required courses in the major at EWU. Students seeking a minor in Business programs must complete a minimum of 12 credits in the minor at EWU.

It is the policy of the College of Business that students, once admitted to and pursuing a course of study at EWU in Business Administration, will take their required courses at EWU. A student wishing to take a course at another institution with the intention to transfer a course not previously evaluated by EWU into his/her degree program at EWU must receive approval from either the Business Undergraduate Program Advisors (lower division courses) or the appropriate department chair (upper division courses).

**Course Enrollment Policies:** undergraduate Business Administration courses are offered under the following prefixes.

|-------------------------|------------|------------------|------------------|--------|---------------------------|------------------------|------------|-------------------------------|----------|------------------------|

**Most Business Administration courses numbered 300 and above are intended for students who either:**

1. are formally admitted to the BAB program or
2. have post-baccalaureate standing and have completed the prerequisite courses or
3. have formally declared majors in another degree program, have completed the prerequisite courses and have the appropriate clearances and class standing, and are taking the course for one of the following reasons:
   a. required for their major;
   b. required for their minor;
   c. fulfills a BACR, or International Studies requirement.

Exceptions are (but not limited to):

- 300 level ENTP Courses
- All DSCI Courses
- All MISC courses
- All MKTG Courses other than MKTG 412
  - MGMT 326
  - FINC 335
  - OPSM 330

Students are also expected to satisfy course prerequisites as listed in this catalog. Students who do not meet one of the above criteria, or who have not satisfied course prerequisites, will be dropped from the course.

Admission Requirements for the College of Business Bachelor of Arts in Business Administration (BAB): The College of Business has specific requirements for formal admission into the Bachelor of Arts in Business Administration (BAB) degree program. These requirements must be met before continuation into upper division business courses. Contact the Academic Advisors for Undergraduate Business Programs for current requirements.

**Course Repeat Policy**
The Undergraduate Business Program’s course repeat policy limits students to three graded attempts for each requirement for their business major or minor, including all requirements listed on the business administration core and business classes required for the major or minor. If a requirement for the major or minor is not successfully completed with a minimum grade ≥2.0 on the third graded attempt, the student will be dropped from the program.

For fulfillment of each course requirement, the business program will consider the first three times a student completes the course; further attempts of the course will not be accepted. In accordance with EWU’s repeat policy, only the most recent of the (first) three completions will be accepted. Completion is defined as receiving a final grade in the course.

A student who has been denied admission to the business program or who has been dropped from the program based on application of this policy may seek admission into the program or continuation through petition to the Dean of the College of Business.

The policy applies to all business program core, major and minor requirements and includes graded attempts of these requirements at colleges and universities other than EWU. For the specific requirements, refer to the General Undergraduate Catalog or the Business Advising website.

It is anticipated that enforcement of the policy will not be handled automatically by the student information system but will require review of transcripts at the time of admission to the business program and/or review of transcript/graduation forms just prior to graduation. Information as to the policy and the student’s obligation to understand and follow it will be included on program advising information and admission forms and in EWU catalog information.

When a student declares business administration as a degree program, the student will be informed of this policy by the business advisor. If a student applying for formal admission to the business program has completed a business program requirement a third time with a grade <C, the student will be informed by the business advisor that the student is not admissible and that further attempts of the course will not be considered. If a student has been formally admitted to the business program and then completes a business program requirement a third time with a grade <C, the student will be dropped from the program and informed by the business advisor that further attempts of the course will not be considered. (Go to Business Advising [http://www.ewu.edu/businessadvising/] for details.)

**Assessment Requirement**
The Comp-XM Exam will be administered as part of the MGMT 490 business capstone course. It will serve to assess student learning goals relative to the fundamental knowledge of the core business disciplines as well as the students’ ability to integrate their knowledge to arrive at informed decisions.

**Program Location**
Bachelor of Arts in Business Administration (BAB) courses are offered at two locations: at Eastern’s main campus in Cheney and at The Catalyst Building, located in the University District in downtown Spokane.
Degree Requirements for Bachelor of Arts in Business Administration
All students seeking a degree in Business Administration must complete
the Business Administration Core plus courses for at least one major.

Accounting Courses
Courses numbered ≥300 have restricted enrollment. See Business
Administration Course Enrollment Policies.

ACCT 197. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 2
Credits.

ACCT 251. PRINCIPLES OF FINANCIAL ACCOUNTING. 5 Credits.
Pre-requisites: sophomore standing.
Introduction to the underlying principles of financial accounting and the
application of such data to financial decisions.

ACCT 252. PRINCIPLES OF MANAGEMENT ACCOUNTING. 4 Credits.
Pre-requisites: ACCT 251.
Introduces the principles and techniques of managerial accounting.
Emphasizes the use of information outputs from the managerial
accounting information system in making managerial decisions.

ACCT 261. BUSINESS LAW. 4 Credits.
Pre-requisites: sophomore standing.
Law as it applies to the business world. Explores background of our
system of legal process. Examines law and its social environment and its
impact on business organizations and transactions.

ACCT 299. DIRECTED STUDY. 1-10 Credits.

ACCT 323. ACCOUNTING SOFTWARE AND CERTIFICATION. 4 Credits.
Pre-requisites: ACCT 251.
This course provides an opportunity for students to learn current versions
of Intuit QuickBooks while learning how to communicate and advise
clients. Through workplace simulations and project-based learning,
students create and maintain accounts in order to increase productivity
and efficiency in the workplace.

ACCT 351. INTERMEDIATE ACCOUNTING I. 4 Credits.
Notes: ACCT 351, ACCT 352, ACCT 353 are sequential and cannot be
taken out of order or concurrently.
Pre-requisites: ACCT 251.
Financial accounting principles and practice: postulates and principles
underlying the presentation and interpretation of financial statements,
including: working capital, investments, plant assets, long-term liabilities,
partnership formation, partnership dissolution and stockholders' equity.

ACCT 352. INTERMEDIATE ACCOUNTING II. 4 Credits.
See ACCT 351.

ACCT 353. INTERMEDIATE ACCOUNTING III. 4 Credits.

ACCT 356. COST ACCOUNTING I. 4 Credits.
Pre-requisites: completion of a math course that satisfies math
proficiency (MATH 200 is highly recommended), ACCT 251, ACCT 252,
DSCI 245, junior standing.
Cost determination and control: cost accounting theory and accounting
for manufacturing operations. Emphasis on historic and standard costs,
standard cost variance determination, budgeting and cost allocation.

ACCT 396. EXPERIMENTAL. 1-5 Credits.
Experimental.

ACCT 399. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college
dean.

ACCT 422. ADVANCED BUSINESS LAW. 4 Credits.
Pre-requisites: ACCT 261; senior standing.
Business ethics and social responsibility; public law and regulation
including securities law, antitrust law, consumer law, labor law, and
debtor/creditor relations.

ACCT 425. BUSINESS COMPUTER APPLICATIONS FOR ACCOUNTANTS.
4 Credits.
Pre-requisites: junior standing.
Through active learning, this course provides business students with the
opportunity to gain broadly applicable Microsoft Office application skills
most frequently used in today's accounting profession. Students develop
and manipulate documents, worksheets and presentations utilizing
Microsoft Word, Excel and PowerPoint. Students demonstrate proficiency
by taking the most current Microsoft Office Specialist certification exam
for each application listed.

ACCT 450. AUDITING. 4 Credits.
Pre-requisites: ACCT 353, ACCT 356.
Generally accepted auditing standards and principles; auditing objectives
and methodology; ethical responsibility of the C.P.A. in financial reporting
and auditing.

ACCT 451. ADVANCED AUDITING. 4 Credits.
Pre-requisites: ACCT 450.
Special topics in auditing with emphasis on EDP and statistical auditing.
Auditing objectives, methodology, and generally accepted auditing
standards as they relate to EDP and statistical auditing. Practical audit
experience through hands-on computer use on audit cases.

ACCT 454. FEDERAL INCOME TAX I. 4 Credits.
Pre-requisites: ACCT 251.
Provisions and principles of federal income tax laws affecting the
determination of taxable income, tax liability and tax planning for
individuals.

ACCT 495. PROFESSIONAL INTERNSHIP. 1-15 Credits.
Pre-requisites: permission of the instructor, department chair and college
dean.

ACCT 496. EXPERIMENTAL COURSE. 1-5 Credits.

ACCT 498. SEMINAR. 1-5 Credits.

ACCT 499. DIRECTED STUDY. 1-5 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college
dean.
ACCT 522. ADVANCED ACCOUNTING LAW. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course is designed to obtain a fundamental understanding of business law for the business law section of the CPA exam and, more importantly, to be useful in corporate and individual life-long dealings with contracts and law.

ACCT 530. BUSINESS ETHICS FOR ACCOUNTANTS. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course examines the foundations of ethical obligations and codes of conduct applicable to accounting professionals, using the course text and other assigned materials, to help students develop a framework for ethical reasoning and decision making. Participation by students in class discussions is expected.

ACCT 531. FINANCIAL STATEMENT ANALYSIS FOR ACCOUNTANTS. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course prepares students to read, interpret and analyze financial statements. The course integrates various concepts and different procedures to provide important analytical tools including the ability to understand and compare financial statements, cash flows, basic profitability and risk analysis issues, ratio analysis, quality of earnings, valuation and etc. The course utilizes case studies from actual companies and actual financial statements to practice and reinforce material learned.

ACCT 532. FORENSIC ACCOUNTING. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course will focus on the basics of financial fraud; the what, where, how and why, through the use of a corporate fraud handbook, lectures by practitioners and the use of project based learning.

ACCT 536. TAX & RESEARCH PLANNING. 4 Credits.
Pre-requisites: admission to MPAcc program.
Covers the identification of tax issues by accountants, the formation or application of those authorities, and the written communication of the results and conclusions drawn from the research.

ACCT 539. SPECIAL TOPICS. 4 Credits.
Pre-requisites: admission to MPAcc program.
Elective courses will be offered on a variety of topics including, but not limited to, Forensic Accounting, Health Care Accounting, Health Care Business Law, Tax Research, Tax Planning, Accounting for Natural Resources and Sustainability, Professional Financial Accounting Research, Professional Consulting in an Accounting Firm, Business Analytics in Accounting Practice, Accounting History, and Accountants as Academicians.

ACCT 540. SUSTAINABILITY ACCOUNTING. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course explores current practice concerning corporate sustainability reporting in the USA and internationally from the perspective of what is possible. Given that corporate sustainability reporting is totally optional and that there are multiple alternative reporting frameworks available, what is possible is basically unlimited.

ACCT 542. SMALL BUSINESS ACCOUNTING. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course seeks to apply financial accounting approaches, managerial accounting analysis and tax preparation/planning to the unique environment of small business. Topics covered include cash budgeting, capital budgeting, income tax compliance, tax minimization planning, sustainability reporting, and financial reporting under GAAP and the other options available to non-public companies in the United States, especially the Financial Reporting Framework (FRF) produced by AICPA.

ACCT 544. ACCOUNTING HISTORY. 4 Credits.
Pre-requisites: admission to MPAcc Program.
This course explores accounting practices, principles and procedures from different nations, industries, cultures and groups. Not only are such accounting actions studied, but even more importantly the conceptual underpinnings are of fundamental interest. Finally the efficiency and effectiveness of prior accounting is of primary interest.

ACCT 546. GLOBAL ACCOUNTING ENVIRONMENTS. 4 Credits.
Pre-requisites: admission to MPAcc Program.
This course provides an overview of international business theories within the context of international accounting issues, challenges and opportunities faced by multinationals regarding strategic and operational management overview that describes the factors that affect the final form of accounting including culture, institutions and the theory of the multinational firm.

ACCT 551. ADVANCED AUDITING. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course covers auditing terminology, concepts, principles and examines the procedures for accumulating and evaluating of evidence about information by a competent, independent person to determine and report on the degree of correspondence between the information and established criteria. Auditing challenges you to apply what you have learned in your other accounting classes for the purpose of obtaining and evaluating the evidence and reporting on what you have found.

ACCT 552. CONTEMPORARY ACCOUNTING THEORY. 4 Credits.
Pre-requisites: admission to MPAcc program.
The course is designed to develop an understanding of the concepts, principles, and practices of different accounting issues around the world while assisting students to analyze the conceptual and measurement issues relating to the impact of economic transactions and events on the income and financial position of the firm as viewed from inside and outside the firm. The methods and rationale for producing and disclosing financial information will be examined.

ACCT 553. ADVANCED FINANCIAL ACCOUNTING. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course is intended to provide comprehensive coverage of complex financial accounting topics related to financial statement preparation and external reporting. The content of the course provides students with tools to develop an in-depth understanding of the financial accounting topics of consolidation of related entities into one set of financial statements, as well as an introduction to variable interest entities, accounting for derivatives, and accounting for partnerships.
ACCT 554. INTERNATIONAL ACCOUNTING. 4 Credits.
Pre-requisites: admission into MPAcc program.
This course is intended to provide coverage of International Financial Reporting Standards (IFRS) as well as understanding of how corporate accounting is practiced and regulated throughout the world today. Special attention is paid to the accounting traditions in Europe, Africa, Asia and Latin America. The important roles played by the American Institute of Certified Public Accountants, and the Securities and Exchange Commission will be included.

ACCT 555. ADVANCED TAX. 4 Credits.
Pre-requisites: admission into MPAcc program.
Covering the rules on the taxation of C Corporations (taxable corporations) and pass through entities, including Subchapter S Corporations, Partnerships (which covers most Limited Liability Companies as well as general and limited partnerships). The course also orient the student with the tax research process using an online database and hard copy research sources and requires preparation of a tax research memorandum to a hypothetical client undergoing a corporate tax audit with the IRS.

ACCT 557. ADVANCED COST ACCOUNTING. 4 Credits.
Pre-requisites: admission into MPAcc program.
The course is designed to extend and apply the knowledge base in cost accounting and provide a further understanding of managerial accounting issues in planning, organizing and controlling organizational activities. Topics include analyzing and managing costs, developing cost systems that facilitate decision-making, identifying opportunities for improving business process, and developing measures to assess performance. Focus is on cost control and profit analysis.

ACCT 558. ACCOUNTING FOR GOVERNMENTAL AND NOT-FOR-PROFIT ENTITIES. 4 Credits.
Pre-requisites: admission into MPAcc program.
This course is concerned with the concepts, principles and procedures used in the accounting for governmental and nonprofit organizations, including an emphasis on legal and contractual compliance.

ACCT 559. ADVANCED ACCOUNTING SYSTEMS. 4 Credits.
Pre-requisites: admission to MPAcc program.
This course covers the application of concepts and techniques for the design, function, separation and evaluation of accounting systems. The course also focuses on accounting system design and evaluation in providing timely information along with problems in accounting-system installation and revision.

ACCT 595. PROFESSIONAL INTERNSHIP. 1-4 Credits.
Pre-requisites: admission into MPAcc program.
Professional Internship.

ACCT 596. EXPERIMENTAL COURSE. 1-4 Credits.
Pre-requisites: admission into MPAcc program.
Experimental.

ACCT 598. GRADUATE SEMINAR. 1-4 Credits.
Pre-requisites: admission into MPAcc program.
Special topics in selective industries' accounting principles and other issues.

ACCT 599. INDEPENDENT STUDY. 1-4 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.
Students take intensive and rigorous independent study of a special area in accounting, resulting in a research paper outcome.

ACCT 695. MANAGEMENT INTERNSHIP. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.
Faculty supervised educational internship with a public firm, private accounting company, business, government or non-profit organization.

Business Administration Courses

BADM 502. FINANCE. 4 Credits.
Notes: this MBA foundation course, a prerequisite to all MBA finance courses, does not count toward the required MBA degree credits.
Pre-requisites: admission to the MBA program or permission of the COB’s Director of Graduate Programs.
This accelerated course deals with the application of basic theory and analytical techniques to financial decision making. Topics include time value of money, risk and return, capital management, cost of capital, option theory, capital structure decisions, dividend policy, and the market for corporate control.

BADM 503. QUANTITATIVE ANALYSIS IN BUSINESS. 4 Credits.
Notes: this MBA foundation course, a prerequisite to all MBA quantitative analysis courses, does not count toward the required MBA degree credits.
Pre-requisites: admission to the MBA program or permission of the CBPA’s Director of Graduate Programs.
An accelerated course in descriptive and inferential statistics, including basic regression analysis, chi-square analysis and quality control methodology.

BADM 505. ESSENTIALS OF ACCOUNTING. 4 Credits.
Notes: this MBA foundation course, a prerequisite to all MBA accounting courses, does not count toward the required MBA degree credits.
Pre-requisites: admission to the MBA program or permission of the CBPA’s Director of Graduate Programs.
An accelerated course in understanding and using accounting information and accounting information systems in a business environment: includes coverage of both financial and managerial accounting information.

BADM 508. ESSENTIALS OF OPERATIONS MANAGEMENT. 4 Credits.
Pre-requisites: admission to MBA Program or permission of COB’s Director of Graduate Programs.
This course explores models and methods of production and service management. It provides a conceptual foundation and quantitative tools that can be applied to specific business problems. Topics may include, but are not limited to, process choice, product design, quality management, principles of supply chain management, facility planning, forecasting, inventory management and scheduling.

BADM 520. DATA DRIVEN DECISION MAKING. 4 Credits.
Pre-requisites: successful completion of BADM 503 or approved equivalency and admission to the MBA program or permission of the CBPA’s Director of Graduate Programs.
A career in management is likely to involve decision making based on data. It is important to be able to organize and use data appropriately and intelligently to make decisions. This course provides an understanding of the statistical and data analysis tools that are necessary in managerial decision making. It should make you aware of how data analysis tools can be used and misused within an organization.
BADM 530. CORPORATE FINANCE. 4 Credits.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
This course covers an analysis of valuation issues and project analysis as well as the relationship between risk, capital structure, cost of capital and dividend policy. It examines contemporary issues and problems confronting financial managers.

BADM 531. FINANCIAL STATEMENT ANALYSIS. 4 Credits.
Notes: it is strongly recommended that BADM 530 be taken before BADM 531.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
This course prepares students to read, interpret and analyze financial statements. The course integrates various concepts and different procedures to provide both financial and accounting set of important analytical tools including abilities to read, interpret and compare financial statements, understand cash flow, different accounts on companies' balance sheet and income statements, basic profitability and risk analysis issues.

BADM 532. INTERNATIONAL FINANCIAL MANAGEMENT. 4 Credits.
Notes: it is strongly recommended that BADM 530 be taken before BADM 532.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
Surveys the important aspects of financial management in the international arena, including international financial markets, exchange rate determination, exchange rate and country risks, risk hedging and financial management in international organizations.

BADM 533. INTERNATIONAL INVESTMENTS. 4 Credits.
Notes: it is strongly recommended that BADM 530 be taken before BADM 533.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
This course examines foreign exchange rates and relationships, international asset pricing, differences in equity markets, analysis of equity and debt securities, global investing and diversification. It includes equity analysis and portfolio management.

BADM 534. INVESTMENTS. 4 Credits.
Notes: it is strongly recommended that BADM 530 be taken before BADM 534.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
This course examines basic securities analysis and valuation, investor objectives, the relationship between risk and return, sources of relevant information and portfolio theory. Practical application and current events will be emphasized.

BADM 536. FINANCIAL MARKETS AND INSTITUTIONS. 4 Credits.
Notes: it is strongly recommended that BADM 530 be taken before BADM 536.
Pre-requisites: successful completion of BADM 502 or approved equivalency and admission to the MBA program or permission of the CBPA's Director of Graduate Programs.
This course covers cases, computer simulations, spreadsheets (Excel) and other analytical methods applied to issues and problems in financial markets. The course discusses the various types of financial markets, the financial instruments traded in these markets and the institutions that serve them, interest rate determination and term structure and the role of central banks.

BADM 539. SPECIAL TOPICS. 4 Credits.
Notes: for some BADM 539 offerings, a prerequisite may be required.
Pre-requisites: admission to MBA Program or permission of CBPA's Director of Graduate Programs.
Electives are designed to (1) help students enhance functional business skills by providing an in-depth study of a selected topic from a business core area and (2) expose students to a variety of environments in which business decision making skills are applied, such as international or not-for-profit organizations and/or specific industries, such as health care or service industries.

BADM 540. MARKETING MANAGEMENT. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA's Director of Graduate Programs.
This course is a study of business operations practice - including production technology transfer, cause-and-effect for operations problems, operations strategies and action plans - and their applications to managerial decision making.

BADM 541. MANAGERIAL COMMUNICATIONS. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA's Director of Graduate Programs.
This course is designed to refine the student's written, oral, and electronic communications skills as applied to the managerial environment within the organization.

BADM 542. GLOBAL MARKETING. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA's Director of Graduate Programs.
Analysis of economic, cultural, political and competitive factors affecting firms in global markets. Examining the role of global marketing planning and strategy in overall firm growth and survival. And study of marketing in major trading blocs and developing markets. And study of marketing in major trading blocs and developing markets.

BADM 552. LEADERSHIP AND ETHICS. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA's Director of Graduate Programs.
This course inquires as to leaders and leadership from a perspective of ethics. It asks the student to think about principled leadership through three complex lenses: personal character, accountability, and pragmatism (ethical action in an uncertain, competitive, and imperfect world). Each of these lenses reflects traditions in moral philosophy and each emphasizes fundamental aspects of leaders' responsibilities.

BADM 555. STRATEGIC OPERATIONS. 4 Credits.
Pre-requisites: admission to MBA program or permission of CBPA's Director of Graduate Programs.
This course is a study of business operations practice - including production technology transfer, cause-and-effect for operations problems, operations strategies and action plans - and their applications to managerial decision making.
BADM 557. ADVANCED COST ACCOUNTING FOR MBA STUDENTS. 4 Credits.
Pre-requisites: successful completion of BADM 505 or approved equivalency and admission to the MBA program or permission of the COB’s Director of Graduate Programs.
The course is designed to extend and apply the knowledge base in cost accounting and provide a further understanding of managerial accounting issues in planning, organizing and controlling organizational activities. Topics include analyzing and managing costs, developing cost systems that facilitate decision-making, identifying opportunities for improving business process, and developing measures to assess performance. Focus is on cost control and profit analysis.

BADM 560. ADVANCED ACCOUNTING FOR MANAGERS. 4 Credits.
Pre-requisites: successful completion of BADM 505 or approved equivalency and admission to the MBA program or permission of the COB’s Director of Graduate Programs.
This course focuses on the use of accounting information and accounting information systems in business decision-making.

BADM 564. E-COMMERCE. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA’s Director of Graduate Programs.
Electronic commerce includes not only selling/buying online but also much more broad activities, such as organizational internal processes supports, electronic collaboration among partners, distance learning, and virtual communities. This course explores how the landscape of E-Commerce is changing and evolving. It covers the important topics of E-Commerce, including selling and marketing online, businesses trading and collaborating with other businesses.

BADM 567. GLOBAL ACCOUNTING ENVIRONMENT. 4 Credits.
Pre-requisites: successful completion of BADM 505 or approved equivalency and admission to the MBA program or permission of the COB’s MBA Specialist.
This course provides an overview of international business theories within the context of international accounting issues, challenges and opportunities faced by multinationals regarding strategic and operational management overview that describes the factors that affect the final form of accounting including culture, institutions and the theory of the multinational firm.

BADM 570. INFORMATION TECHNOLOGY AND BUSINESS INTELLIGENCE. 4 Credits.
Notes: offered through the Business Analytics Department.
Pre-requisites: admission to MBA Program or permission of CBPA’s Director of Graduate Programs.
Managing and analyzing information is a critical skill for success in today’s business environment. This course discusses IT management in organizations, including IT and business alignment, IT infrastructure, IT security, IT governance, IT service, IT project management, and IT ethics. This course also discusses database processing and business intelligence which provides a vital support to data-informed business decision making.

BADM 574. ENTREPRENEURSHIP AND SMALL BUSINESS FINANCE. 4 Credits.
Pre-requisites: admission to MBA program or permission of CBPA’s Director of Graduate Programs.
This course is designed to assist students in understanding the stages of new venture development and how financing needs change with each stage. Students will learn to develop a financing plan consistent with the venture’s business plan; to make appropriate financing choices; and to develop strategies to harvest the business.

BADM 577. ENTREPRENEURSHIP. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA’s Director of Graduate Programs.
This course is designed to provide the student a rigorous experience in not only learning about global entrepreneurship, but also in developing a business plan for either their own existing firm or a start-up opportunity. While not a capstone course it does require the student to utilize previously learned information that can be incorporated in the business plan. Verbal and oral communication, as well as Internet based communication and searching, are of import in this course.

BADM 580. INTERNATIONAL BUSINESS ENVIRONMENTS. 4 Credits.
Pre-requisites: admission to MBA Program or permission of CBPA’s Director of Graduate Programs.
This course provides an overview of the roles of business in the global economic, political, social and other environments in which businesses operate.

BADM 590. MBA CAPSTONE. 4 Credits.
Notes: must be taken in the last or second-to-last quarter of the MBA program.
Pre-requisites: permission of COB’s Director of Graduate Programs and completion of all other core courses.
This capstone course requires students to use knowledge from all previous coursework to analyze, evaluate, and solve complex organizational problems in case study, simulation or projects formats. It builds on that knowledge to develop strategic thinking about organizations and their environments in conditions of uncertainty.

BADM 595. INTERNSHIP. 1-4 Credits.
Pre-requisites: admission to MBA program or permission of CBPA’s Director of Graduate Programs.
Internship.

BADM 596. EXPERIMENTAL COURSE. 1-4 Credits.
Pre-requisites: admission to MBA program or permission of CBPA’s Director of Graduate Programs.
Experimental.

BADM 598. GRADUATE SEMINAR. 1-4 Credits.
Pre-requisites: admission to MBA program or permission of CBPA’s Director of Graduate Programs.
Graduate seminar.

BADM 599. INDEPENDENT STUDY. 1-4 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.
Independent study.

Decision Science Courses

DSCI 245. BUSINESS STATISTICS 1. 4 Credits.
Pre-requisites: one of the following: MATH 142, MATH 161, HONS 161 or MATH 200 with a grade ≥B.
An introduction to decision making in the business environment using statistical and data analysis procedures. Computer software is used extensively. Written communication skills are emphasized as a means to incorporate analysis results into the decision making process. Topical coverage includes discrete and continuous probability distributions, sampling distributions, estimation and hypothesis testing.
DSCI 297. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 1-5 Credits.

DSCI 299. DIRECTED STUDY. 1-15 Credits.

DSCI 346. BUSINESS STATISTICS 2. 4 Credits.
Pre-requisites: DSCI 245 and one of the following: MATH 142, MATH 161, HONS 161, MATH 200 with a grade ≥B) or permission of the instructor. This course offers an in-depth study of decision making in the business environment using statistical and data analysis procedures. Statistical methods used in decision making include chi-square tests, analysis of variance, correlation, simple and multiple regression, time series analysis, and forecasting. Computer software is used extensively for both analysis and presentation. Case studies or projects are used to integrate statistical methods with problem solving and communication skills.

DSCI 352. MIXED RESEARCH METHODS, SECURITY AND ETHICS FOR ANALYTICS. 4 Credits.
Pre-requisites: DSCI 245 or permission of the instructor. This course introduces mixed methods research, specifically concentrating on the intersection of qualitative and quantitative data in a single research project. Research ethics as applied in the real world are of particular interest, with specific focus on the Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA).

DSCI 353. DATA MANAGEMENT, CLEANING AND IMPUTATION. 4 Credits.
Pre-requisites: DSCI 245 or permission of the instructor. This course introduces applied data mining skills, that is location of errors and inconsistencies in data sets, missing value management and the impact of these methods of data analytic methods, and data transformations used to meet model assumptions for appropriate data analytic methods.

DSCI 399. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

DSCI 445. OPTIMIZATION VIA MANAGEMENT SCIENCE. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. Business analytics is a hybrid of information systems, applied statistics, management science, data analysis, operations research, consumer behavior, risk management, and decision support. The focus of this particular course is the optimization of spreadsheet decision models in a business environment. Topics may include linear programming, network modeling, goal programming, nonlinear programming, regression, data mining, forecasting, simulation, queuing theory and decision analysis.

DSCI 446. BUSINESS FORECASTING. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. Integrates several forecasting models with applications to managerial techniques. Topics include regression, multiple regression, time series analysis, autocorrelation, econometric models, exponential smoothing, autoregressive models, adaptive filtering, Box Jenkins methods, and survey techniques. The computer is employed to develop meaningful forecasts for management.

DSCI 447. DESIGN OF EXPERIMENTS. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. An in-depth study of quantitative business analysis techniques in a variety of organizational environments. Emphasizes the use of the computer and a discussion of quality in the organizational setting.

DSCI 448. BUSINESS SIMULATION. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. An examination of probabilistic robabilistic models in decision science, with emphasis on discrete event simulation.

DSCI 449. MULTIVARIATE DATA ANALYSIS. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. Examines the concepts and principles of the various statistical methods used in the analysis of multiple simultaneous measurements on the subjects under investigation. Multivariate data analysis methods are used in fields such as business, engineering, education, data mining and many others. Software is heavily used to support the studies in this course.

DSCI 450. DATA VISUALIZATION. 4 Credits.
Pre-requisites: DSCI 346 or permission of the instructor. Data visualization helps people understand the information within data by placing it in a visual context. As statistical results are often communicated poorly in the media, in scientific journals and in business, this course examines methods used in the presentation of these results to non-statistically oriented audiences. A variety of software packages are used to develop appropriate data visualizations. Non-technical writing and presentation skills are emphasized.

DSCI 481. ML-DATA SCIENCE FUNDAMENTALS. 4 Credits.
Pre-requisites: DSCI 353, MISC 373 and MATH 142 (MATH 161 preferred) or permission of the instructor. Focuses on enhancing skills in data exploration, data queries, data analysis, data ethics and data visualization.

DSCI 483. ML-APPLIED DATA SCIENCE. 4 Credits.
Pre-requisites: DSCI 481. Focuses on programming languages for manipulating and wrangling data and then developing applied skill in structured and unstructured machine learning.

DSCI 490. ANALYTICS SENIOR CAPSTONE. 4 Credits.
Notes: to be taken in the final quarter of instruction.
Pre-requisites: DSCI 450; MISC 485, may be taken concurrently; and a declared Analytics Major.
Satisfies: a university graduation requirement–senior capstone. Provides students the opportunity to experience real-world scenarios in which direction is vague and stakes are similar to those experienced by professionals. BS in Data Analytics sections also have components to complete in Microsoft Learn and Microsoft Role-Based certifications.

DSCI 495. PROFESSIONAL INTERNSHIP. 1-15 Credits.

DSCI 498. SEMINAR. 1-15 Credits.

DSCI 499. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

Entrepreneurship Courses

ENTP 311. ENTREPRENEURIAL BEHAVIOR AND THINKING. 4 Credits.
Pre-requisites: ENGL 201, MTHD 104 or equivalent, and sophomore standing.
The foundation course in entrepreneurship, this class introduces entrepreneurship as an approach to life and one’s career. It examines the nature of entrepreneurship and the entrepreneur, and explores the role of entrepreneurship in society. The key focus is on entrepreneurship as a process anyone can master. An overview of factors that are key to entrepreneurial success and how to approach these issues is provided. Students in this course will also begin developing their portfolio.
ENTP 373. CRAFT BEER EVALUATION AND SERVICE. 2 Credits.
Cross-listed: RCLS 373.
Notes: students will test to obtain their Mandatory Alcohol Servers Training (MAST) permit.
Pre-requisites: 21 years of age, ENGL 101 or equivalent.
The art of understanding craft beer is complex but a valuable skill for any professional. Craft beer comes in many different styles that has been influenced by a variety countries and brewing techniques. The craft beer appreciation and service course focuses on learning the essentials of craft beer, including: beer history, styles, origin, qualitative and quantitative characteristics of beer, ingredients, the brewing process, beer service, glassware, beer flavor and evaluation.

ENTP 387. BUSINESS STARTUP RESEARCH. 4 Credits.
Pre-requisites: ENGL 201, MTHD 104 or equivalent, and sophomore standing.
Develop and practice three important research tools that allow entrepreneurs to discover, develop, and test their ideas for new ventures.

ENTP 388. LEARNING FROM OTHERS: ENTREPRENEURIAL CASE ANALYSIS. 4 Credits.
Pre-requisites: ENGL 201, MTHD 104 or equivalent, and sophomore standing.
Analyze and discuss businesses cases about real startups.

ENTP 389. BUSINESS FEASIBILITY: PLAN AND PITCH. 4 Credits.
Pre-requisites: ENGL 201, MTHD 104 or equivalent, and sophomore standing.
Learn to conduct feasibility analysis, write a short-form business plan, create and deliver an investment pitch.

ENTP 399. DIRECTED STUDY. 1-5 Credits.
Directed Study.

ENTP 411. FINDING AND EVALUATING OPPORTUNITIES. 4 Credits.
Pre-requisites: BAB Admission, and ENTP 387, ENTP 388, ENTP 389.
Learn and practice skills that enhance the entrepreneur’s chances of successful startup. This course examines the startup process from the perspective social skills needed by successful entrepreneurs. Students will learn about and practice telling great stories about a business, giving a powerful pitch, developing and communicating the value proposition of the business, and the process of conducting effective customer insight interviews.

ENTP 412. BUSINESS MODEL DESIGN. 4 Credits.
Pre-requisites: BAB Admission, and ENTP 387, ENTP 388, ENTP 389.
The business model is the engine that drives startup success. This course explores business model design and validation, while exploring ways to test the business model without spending unnecessary time, money and other resources. Additionally, this course will explore approaches that help prospective entrepreneurs dial in their business model rapidly while reducing startup risk and anxiety. This course will continue to build the student’s Entrepreneurial Experience Portfolio.

ENTP 433. LEADERSHIP, INNOVATION AND SUSTAINABILITY. 4 Credits.
Cross-listed: CMST 433.
Notes: competent writing is necessary.
Pre-requisites: ENGL 201.
In this class we focus on both culture and technique that help organizations: stay on the cutting edge; plan and forecast to remain sustainable and viable; create an organizational culture that fosters optimum motivation; utilize personal creativity in the ideation process and nurture ideas.

ENTP 438. ENTREPRENEURIAL AND SMALL BUSINESS FINANCE. 4 Credits.
Cross-listed: FINC 438.
Pre-requisites: BAB Admission, and ENTP 387, ENTP 388, ENTP 389.
Cases, computer simulations, spreadsheets (Excel) and other analytical methods will be applied to issues in entrepreneurial finance. Specific topics will include sources and sequencing of financing as the business develops, assessing and forecasting financial needs and managing short and long-term capital, valuing the business from the entrepreneur’s viewpoint as well as the investors’ viewpoint. Students will examine venture capital markets, financing alternatives and harvesting the business.

ENTP 487. DIGITAL ENTREPRENEURSHIP. 4 Credits.
Cross-listed: MISC 487.
Pre-requisites: MISC 311.
This course explores how e-commerce is emerging and evolving. Students learn those from aspects of entrepreneurship with cutting edge information technologies in the experiential learning setting.

Finance Courses
Courses numbered ≥300 (with the exception of FINC 335) have restricted enrollment. See Business Administration Course Enrollment Policies.

FINC 196. EXPERIMENTAL COURSE. 1-5 Credits.
FINC 200. PERSONAL FINANCE: PHILOSOPHY AND PRACTICE. 4 Credits.
Deals with the management of individual financial affairs on both a practical and a philosophical level. Covers a number of topics, such as the relationship between money and success, money and power, the meaning of poverty, the illusion of value, budgeting, tax planning, credit, real estate, major purchases, cash management, insurance, investments and retirement planning.

FINC 296. EXPERIMENTAL COURSE. 1-5 Credits.
FINC 299. DIRECTED STUDY. 1-15 Credits.
FINC 335. FINANCIAL MANAGEMENT. 4 Credits.
Pre-requisites: (MATH 142, MATH 161 or MATH 200) and DSCI 245 and ACCT 251 and (either ECON 200 or ECON 201).
This course covers the application of basic theory and analytical techniques to financial decision making. It discusses the time value of money and capital budgeting, as well as capital structure and risk return trade off as they relate to the cost of capital, securities valuation and capital budgeting.

FINC 395. PROFESSIONAL INTERNSHIP. 1-15 Credits.
FINC 398. SEMINAR. 1-5 Credits.
FINC 399. DIRECTED STUDY. 1-5 Credits.
FINC 431. INVESTMENTS. 4 Credits.
Pre-requisites: FINC 335.
Examines principles of investments valuation; objectives and risks involved; sources of relevant information. Security analysis and investment timing in a portfolio management framework.

FINC 432. RISK MANAGEMENT. 4 Credits.
Pre-requisites: FINC 434.
This course examines risks faced by the economy and businesses. Discussions include the principles of risk and risk management methods.
FINC 433. SECURITIES ANALYSIS. 4 Credits.
Pre-requisites: FINC 431.
This course examines the data and techniques used to evaluate equity securities for investment purposes. Both the fundamental and technical approaches to analysis and evaluation are covered in depth. A complete analysis of a currently traded security is required.

FINC 434. FINANCIAL DERIVATIVES. 4 Credits.
Pre-requisites: FINC 335.
Provides an in-depth background to various financial derivatives including futures, options, swaps, securitized securities, and collateralized mortgage obligations. Discusses concepts related to the operation of financial derivatives including marketing to market and clearing corporations.

FINC 435. CAPITAL BUDGETING AND LONG-TERM FINANCING. 4 Credits.
Pre-requisites: FINC 335.
Provides in-depth background and skill development for capital budgeting and long-term financial decision-making. Emphasis on discounted cash flow analysis using computer spreadsheets. Discusses capital structure, dividend policy, cost of capital, and risk analysis. Also covers long-term financing issues of a business or corporation. Uses cases, computer simulations and other analytical techniques.

FINC 436. SHORT-TERM FINANCIAL MANAGEMENT. 2 Credits.
Pre-requisites: FINC 335.
Provides necessary background and skill development to understand and analyze short-term financing issues. Topics include financial liquidity, working capital management, cash forecasting, cash budgeting and short-term investing and financing. Cases, spreadsheets and other methods are used extensively.

FINC 438. ENTREPRENEURIAL AND SMALL BUSINESS FINANCE. 4 Credits.
Cross-listed: ENTP 438.
Pre-requisites: BAB Admission, and ENTP 387, ENTP 388, ENTP 389.
Cases, computer simulations, spreadsheets (Excel) and other analytical methods will be applied to issues in entrepreneurial finance. Specific topics will include sources and sequencing of financing as the business develops, assessing and forecasting financial needs and managing short and long-term capital, valuing the business from the entrepreneur’s viewpoint as well as the investors’ viewpoint. Students will examine venture capital markets, financing alternatives and harvesting the business.

FINC 439. CURRENT TOPICS IN FINANCE. 4 Credits.
Notes: may be repeated for credit if topics differ.
Pre-requisites: FINC 435.
Individual reports, team projects, team presentations and class discussion are used to examine current issues and problems in finance, business and the global economy.

FINC 441. PORTFOLIO MANAGEMENT I. 4 Credits.
Pre-requisites: FINC 335.
This course will cover the development of an investment portfolio objective for a hypothetical investor, collection of relevant investment data, and construction of an appropriate portfolio from capital market expectations using several available asset classes.

FINC 442. PORTFOLIO MANAGEMENT II. 4 Credits.
Pre-requisites: FINC 335.
This course will cover the development of an investment portfolio objective for a hypothetical investor, collection of relevant investment data, and construction of an appropriate portfolio from capital market expectations using several available asset classes. Students learn how to incorporate risk tolerance, the ability to bear risk, the determination of return objectives consistent with risk, the investor time horizon and unique investor circumstances into the investment policy statement.

FINC 474. INTERNATIONAL FINANCE MANAGEMENT. 4 Credits.
Cross-listed: IBUS 474.
Pre-requisites: FINC 335.
This course discusses financial management in the international arena.

FINC 495. PROFESSIONAL INTERNSHIP. 1-5 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college dean.

FINC 496. EXPERIMENTAL COURSE. 1-15 Credits.

FINC 498. SEMINAR. 1-5 Credits.

FINC 499. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

Human Resource Management Courses
Courses numbered ≥300 have restricted enrollment. See Business Administration Course Enrollment Policies.

HUMR 298. SEMINAR. 1-5 Credits.

HUMR 299. DIR STUDY. 1-15 Credits.

HUMR 328. HUMAN RESOURCE MANAGEMENT. 4 Credits.
Pre-requisites: junior standing.
Human resource management (HRM) is an ongoing process consisting of various critical functions including human resource planning, recruitment, selection, training and development, job analysis, performance appraisal, compensation and health and safety. These major HRM functions and their sequential interdependence are discussed and applied. Various external forces that constrain managerial decision-making are also considered including laws and regulations dealing with equal opportunity, workplace diversity and multiculturalism, especially as these impact human resource policies and practices.

HUMR 395. INTERNSHIP. 1-10 Credits.

HUMR 399. DIR STUDY. 1-15 Credits.

HUMR 427. COMPENSATION ADMINISTRATION. 4 Credits.
Pre-requisites: HUMR 328.
Part I consists of an analysis of the theoretical concepts, practical techniques, and criteria commonly recognized in the development and control of various compensation models. Part II is the application (field study) of selected concepts, techniques, and criteria considered appropriate for the solutions to local workplace compensation problems.

HUMR 429. CURRENT ISSUES IN HUMAN RESOURCE MANAGEMENT. 4 Credits.
Pre-requisites: HUMR 328.
Analyses of selected major problems confronted in human resource management.
HUMR 495. PROFESSIONAL INTERNSHIP. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

HUMR 498. SEMINAR. 1-5 Credits.

HUMR 499. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

International Business Courses
Courses numbered ≥300 have restricted enrollment. See Business Administration Course Enrollment Policies.

IBUS 470. INTERNATIONAL BUSINESS. 4 Credits.
Cross-listed: MGMT 470.
Pre-requisites: junior standing.
Satisfies: a university graduation requirement–global studies.
Analysis of the impact of international business variables on global organizations and the impact of these organization characteristics on the societies in which they operate.

IBUS 471. INTERNATIONAL MANAGEMENT. 4 Credits.
Cross-listed: MGMT 471.
Pre-requisites: junior standing.
Satisfies: a university graduation requirement–global studies.
An examination of management and human resources functions in organizations that operate in international environments, and their applications for practicing managers.

IBUS 472. GLOBAL MARKETING MANAGEMENT. 4 Credits.
Cross-listed: MKTG 472.
Pre-requisites: IBUS 470/MGMT 470 or MKTG 310.
A practical approach to understanding the implications to marketing functions that result from competing in a global marketplace. Marketing function differences and similarities are explored across national borders and cultures.

IBUS 474. INTERNATIONAL FINANCIAL MANAGEMENT. 4 Credits.
Cross-listed: FINC 474.
Pre-requisites: FINC 335.
This course discusses financial management in the international arena.
IBUS 498. SEMINAR. 1-5 Credits.

Management Courses
Courses numbered ≥300 (with the exception of MGMT 326) have restricted enrollment. See Business Administration Course Enrollment Policies.

MGMT 120. THE WORLD OF BUSINESS. 5 Credits.
Notes: not open to upper-division business administration majors.
Surveys the basic roles and functions performed by business firms in modern free enterprise societies.

MGMT 197. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 1-5 Credits.
MGMT 295. PRE-PROFESSIONAL INTERNSHIP. 1-10 Credits.
MGMT 296. EXPERIMENTAL COURSE. 1-5 Credits.
MGMT 299. DIRECTED STUDY. 1-15 Credits.
MGMT 326. ORGANIZATION THEORY AND BEHAVIOR. 4 Credits.
Pre-requisites: junior standing.
Explores the nature of human behavior in organizations as well as the structural effects of change. Application to the management of human resources is provided. A conceptual foundation is applied to practical situations throughout the course.

MGMT 395. INTERNSHIP. 1-15 Credits.
MGMT 396. EXPERIMENTAL COURSE. 1-5 Credits.

MGMT 397. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 1-5 Credits.

MGMT 398. SEMINAR. 1-5 Credits.

MGMT 399. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

MGMT 423. BUSINESS AND SOCIETY. 4 Credits.
Pre-requisites: MGMT 326, senior standing.
Study of the interrelations between business and its external environment, focusing on the social, political and legal interactions. Review of critical managerial issues from historical, theoretical and ethical perspectives and their impact on organizations.

MGMT 470. INTERNATIONAL BUSINESS. 4 Credits.
Cross-listed: IBUS 470.
Pre-requisites: junior standing.
Satisfies: a university graduation requirement–global studies.
Analysis of the impact of international business variables on global organizations and the impact of these organization characteristics on the societies in which they operate.

MGMT 471. INTERNATIONAL MANAGEMENT. 4 Credits.
Cross-listed: IBUS 471.
Pre-requisites: junior standing.
Satisfies: a university graduation requirement–global studies.
An examination of management and human resources functions in organizations that operate in international environments, and their applications for practicing managers.

MGMT 480. ORGANIZATIONAL LEADERSHIP. 4 Credits.
Pre-requisites: MGMT 326.
This seminar examines the various leadership styles in organizations. Students investigate and develop leadership profiles of past, present and future leaders. Project teams develop a video profile and case of a specific organization.

MGMT 490. DEPARTMENT SENIOR CAPSTONE. 4 Credits.
Pre-requisites: ACCT 251, ACCT 252, ACCT 261; DSCI 245, DSCI 346; ECON 200, ECON 201; ENGL 201; FINC 335; MATH 200; MGMT 326; MISC 311, MKTG 310; OPSM 330; MGMT 423 (may be taken concurrently); Computer Literacy I and II and admission to BAB.
Satisfies: a university graduation requirement–senior capstone.
See your major department advisor for the appropriate section number.

MGMT 495. PROFESSIONAL INTERNSHIP-MANAGEMENT. 1-15 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college dean.
MGMT 496. EXPERIMENTAL COURSE. 1-5 Credits.

MGMT 497. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 1-5 Credits.

MGMT 498. SEMINAR. 1-5 Credits.

MGMT 499. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

MGMT 599. DIRECTED STUDY. 1-15 Credits.

MGMT 601. RESEARCH REPORT. 1-15 Credits.

MGMT 695. INTERNSHIP. 1-5 Credits.

Management Information System Courses

MISC 295. INTERNSHIP. 1-6 Credits.

MISC 298. SEMINAR. 1-5 Credits.

MISC 299. DIRECTED STUDY. 1-15 Credits.

MISC 311. INFORMATION TECHNOLOGY IN BUSINESS. 4 Credits.
Pre-requisites: sophomore standing.
This course provides concepts of the alignment between rapidly changing Information Systems/Technology and business performance. Course content covers strategic, tactical, and operations level issues of Information Systems in organizations. Topics include business-driven information systems, decision-making support, e-business, ethics, security, infrastructure, and applications of commonly implemented spreadsheet modeling and database management systems to solve business problems.

MISC 370. MULTIMEDIA PRODUCTION OF BUSINESS DOCUMENTS. 4 Credits.
Pre-requisites: MISC 311, BUED major, or permission of the instructor.
Learning advanced applications of word processing, presentation, and multimedia software to design formal and technical reports and presentations, correspondence, newsletters, brochures, forms, charts, and graphics. Emphasis is on problem-solving ability to convert raw data into acceptable form using the computer, the Internet, and additional multimedia.

MISC 371. BUSINESS APPLICATIONS PROGRAM DESIGN. 4 Credits.
Pre-requisites: MISC 311.
This course provides a thorough coverage of the program design and development process. The student will develop algorithmic solutions to a variety of business computer applications using a number of logic tools for programming and documentation. A high level programming language is used to illustrate the logic and structure of common business applications.

MISC 372. DATA COMMUNICATION AND NETWORK FUNDAMENTALS. 4 Credits.
Pre-requisites: MISC 311.
This course is a general introduction to current technology for local area networks (LAN), wide area networks (WAN) and the Internet.

MISC 373. BUSINESS DATABASE APPLICATIONS. 4 Credits.
Pre-requisites: MISC 311.
This course provides an in-depth study of theory and applications of databases. Emphasis is on the design of flexible databases to meet business information requirements. Topics include database concepts, data modeling, data dictionary, database models, database design, data integrity and managerial considerations.

MISC 374. SPREADSHEET MODELING FOR BUSINESS APPLICATIONS. 4 Credits.
Pre-requisites: MISC 311 or CSCD 211 or permission of the instructor.
This course will explore advanced tools in Spreadsheet Modeling, including Pivot Tables, Advanced Functions, What-Ifs, Scenarios, Databases, and Data Analysis. Students will develop Excel skills to solve business problems.

MISC 375. EXPERT SYSTEMS APPLICATIONS IN BUSINESS. 4 Credits.
Pre-requisites: CSCD 211, MISC 311 or permission of the instructor.
Introduction to expert systems design and implementation. Topics covered include the study of existing successful applications, the techniques of knowledge representation, and a review of knowledge engineering methodologies and languages. Students build a model expert system using an expert system software package.

MISC 395. COOP FIELDWORK. 1-15 Credits.

MISC 398. SEMINAR. 1-5 Credits.

MISC 399. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

MISC 481. SYSTEMS ANALYSIS AND DESIGN. 4 Credits.
Pre-requisites: MISC 373 or CSCD 327.
This course involves the analysis and design of business systems. It includes the structure and life cycle of systems. The methodology of systems studies and the use of computer aided software engineering (CASE) tools are emphasized. Systems studies are undertaken utilizing cases and actual business systems projects.

MISC 482. SYSTEMS PROJECT AND PROJECT MANAGEMENT. 4 Credits.
Pre-requisites: MISC 371 and MISC 481.
This course emphasizes solving an information systems problem using project management and information systems methodologies. Students will develop a computer information system through the use of CASE tools. Interactive and prototyping approaches to system development are investigated and employed. In addition, students will acquire additional knowledge in planning, managing and presenting a systems project.

MISC 485. ADVANCED DATABASE APPLICATIONS DEVELOPMENT. 4 Credits.
Pre-requisites: MISC 373 or permission of the instructor.
This course is a continuation of business applications of databases. The course stresses application development through fourth generation programming techniques. The course is designed to take advantage of advanced capabilities in current database management systems. Emphasis is on the design and implementation of business database applications. Topics include data modeling, database design, database implementation, report design, format design, application design, security, backup and recovery and multi-user databases.

MISC 486. INFORMATION SECURITY MANAGEMENT. 4 Credits.
Pre-requisites: MISC 311.
Provides an understanding of the information security vision and strategy set forth by executive management. Concepts and techniques from the management and organizational behavior disciplines are integrated in order to identify and propose solutions to the problems of information security administration. Domain specific issues such as HIPAA and SOX are addressed as appropriate.
Marketing Courses

MKTG 298. SEMINAR. 1-5 Credits.

MKTG 299. DIRECTED STUDY. 1-15 Credits.

MKTG 310. PRINCIPLES OF MARKETING. 4 Credits.
Pre-requisites: junior standing.
An introduction to marketing. The marketing mix: Product offering, supply chain management, pricing, promotion, and introduction to buyer behavior.

MKTG 395. PROFESSIONAL INTERNSHIP MARKETING. 1-15 Credits.
MKTG 399. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

MKTG 400. BUYER BEHAVIOR. 4 Credits.
Pre-requisites: MKTG 310.
Study of the buyer decision-making process, both consumer and industrial, for the purpose of planning and implementing successful marketing strategies. Includes an examination of both the internal psychological and external sociological factors influencing the decision-making process, and how these factors relate to strategic marketing decisions such as product development, segmentation, and positioning.

MKTG 411. MARKETING RESEARCH. 4 Credits.
Pre-requisites: MKTG 310 and DSCI 346.
A practical and theoretical approach to understanding and applying the procedures and methods used in collecting and analyzing market information for managerial decision-making. Topics include research design, data collection, sampling, questionnaire design, qualitative research methods, processing and interpreting data, and presentation of findings. An applied approach provides practical application of methods studied.

MKTG 412. MARKETING MANAGEMENT. 4 Credits.
Pre-requisites: MKTG 400 and MKTG 411.
An exploration of key marketing management variables such as buyer behavior, market segmentation and product positioning, product policy, pricing, distribution, promotion and market research in the contexts of strategy development, decision making, implementation and control.

MKTG 413. INTEGRATED MARKETING COMMUNICATIONS. 4 Credits.
Pre-requisites: MKTG 310.
A practical and theoretical approach to understanding communications theory and how advertising, sales promotion, public relations, and direct marketing are designed and used by organizations in communicating with various publics.

MKTG 414. RETAIL MANAGEMENT. 4 Credits.
Pre-requisites: MKTG 310.
A study of the strategies used by retailers as critical members of a supply chain. The relationships among store organization, human resource management, and the retail strategies used by various types of retail outlets are investigated. Merchandising policies (buying, selling, stock control and management), various control strategies, promotion, and public relations activities are also covered.

MKTG 416. SALES FORCE MANAGEMENT. 4 Credits.
Pre-requisites: MKTG 310.
This course covers the concepts and theories associated with planning, organizing, evaluating, controlling, and managing a professional sales force.

MKTG 417. MARKETING ANALYSIS. 4 Credits.
Pre-requisites: MKTG 412.
Strategical analysis of managerial marketing issues involving market trends, marketing research, product planning, distribution channels, pricing, promotion, social trends and the influence marketing strategy has on society.

MKTG 419. BRAND AND PRODUCT MANAGEMENT. 4 Credits.
Pre-requisites: MKTG 310 with a minimum grade ≥C and admission to business program.
This course covers concepts including the importance of brands and products to consumers and firms, brand equity and brand positioning, product management over the product life-cycle, the conduct of a brand audit, the design and implementation of branding strategies and the management of brand equity.

MKTG 444. APPLIED PROMOTION. 4 Credits.
Pre-requisites: MKTG 310.
This course involves students in the research, planning, implementation and evaluation of a promotional event for a local business or organization. A variety of marketing principles are applied in a hands-on real world experience.

MKTG 472. GLOBAL MARKETING MANAGEMENT. 4 Credits.
Cross-listed: IBUS 472.
Pre-requisites: IBUS 470/MGMT 470 or MKTG 310.
A practical approach to understanding the implications to marketing functions that result from competing in a global marketplace. Marketing function differences and similarities are explored across national borders and cultures.

MKTG 481. SPORTS MARKETING. 4 Credits.
Pre-requisites: MKTG 310.
Explores the essentials of effective sports marketing, such as the nature of sports products, sports consumers, sports research, sports-product development, sponsorship and licensing. Looks at the marketing of sports and sport products as well as marketing through sports.
MKTG 495. PROF INTERNSHIP-MKTG. 1-5 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college dean.

MKTG 496. EXPERIMENTAL COURSE. 1-5 Credits.

MKTG 497. WORKSHOP, SHORT COURSE, CONFERENCE, SEMINAR. 1-5 Credits.

MKTG 498. SEMINAR. 1-5 Credits.

MKTG 499. DIRECTED STUDY. 1-5 Credits.
Pre-requisites: permission of the instructor, department chair and college dean.

MKTG 495. PROF INTERNSHIP-MKTG. 1-5 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college dean.

Operations Management Courses
Courses numbered ≥300 (with the exception of OPSM 330) have restricted enrollment. See Business Administration Course Enrollment Policies.

OPSM 299. DIRECTED STUDY. 1-15 Credits.

OPSM 330. OPERATIONS MANAGEMENT. 4 Credits.
Pre-requisites: DSCI 245 (or equivalent) and one of the following: MATH 142, MATH 161, HONS 161 or MATH 200.
Sustainable revenues are generated by businesses through the timely creation and distribution of products and services desired in the marketplace. This course describes the operational activities associated with these tasks in environments of change and uncertainty. In addition, the theories, principles and practices driving decision-making in each of these operational areas are analyzed.

OPSM 395. INTERNSHIP. 1-5 Credits.

OPSM 398. SEMINAR. 1-5 Credits.

OPSM 399. DIRECTED STUDY. 1-15 Credits.

OPSM 425. SERVICE AND OPERATION ANALYSIS. 4 Credits.
Pre-requisites: OPSM 330.
This integrative course includes analysis of both service and manufacturing organizations. The course focuses on case studies and applied quantitative techniques for managing the entire operations of a firm. Decision-making is emphasized through computer simulation and interactive discussion of field and textbook case studies.

OPSM 428. GLOBAL SUPPLY CHAIN MANAGEMENT. 4 Credits.
Pre-requisites: senior standing or permission of instructor.
This course examines the actions and values responsible for continuous improvement in the design, development and management process of an organization’s supply system. The objective of the course is to understand how to improve the supply system’s profitability and ensure its survival as well as the profitability and survival of its customers and suppliers. Global issues and development of supplier relationships are integrated throughout the course material. Cases and field trips are included as appropriate.

OPSM 429. WAREHOUSE AND DISTRIBUTION MANAGEMENT. 4 Credits.
Pre-requisites: OPSM 330.
The study of warehouse operations focuses on facility layout, process, automation, warehouse management systems, productivity improvement, inventory management, measurement and general management. Computer and mathematical models will be used as a foundation for some analysis, but the primary topics of interest will emphasize relevant and practical operations. Course content may include some specialty topics delivered by industry professionals.

OPSM 441. QUALITY MANAGEMENT. 4 Credits.
Pre-requisites: OPSM 330.
This course is a review and application of quality management concepts in public and private enterprises. Both qualitative and quantitative techniques are analyzed. Cases and field trips are included as appropriate.

OPSM 495. PROFESSIONAL INTERNSHIP-OPSM. 1-5 Credits.
Notes: graded Pass/Fail.
Pre-requisites: permission of the instructor, department chair and college dean.

OPSM 498. SEMINAR. 1-5 Credits.

OPSM 499. DIRECTED STUDY. 1-5 Credits.
Prerequisite: permission of the instructor, department chair and college dean.

OPSM 598. GRADUATE SEMINAR. 1-5 Credits.
