

ADVANCED ADDICTION THERAPIES, MASTER OF ARTS (MA)

This degree program is available for students who have completed an Addiction Studies Interdisciplinary Bachelor's degree, an Addiction Studies Bachelor of Arts degree, a Bachelor of Applied Science degree in Applied Behavioral Science, Bachelor of Art's degree, or a Bachelor of Applied Science in Human Services, that covers the courses required for Substance Use Disorder Professional certification. Prospective students not interested in obtaining certification as Substance Use Disorder Professionals, or any other credential specific to substance use disorders, co-occurring disorders, or other specialty credential will also benefit from this degree.
