

SCHOOL COUNSELING CERTIFICATE, POST MASTER'S

The School Counseling Certificate, Post Master's Program meets the needs of students who have completed a master's degree in counseling, but have not yet met the requirements for certification as a school counselor in the state of Washington. Successful completion of the program requirements will enable the student to be recommended for ESA verification from the university to the Washington state PESB.

Note: This program is designed to be an online/hybrid model. It is for students who have graduated from CACREP accredited counseling programs only.

Application Requirements

The program of study will be designed based on individual review of each applicant's graduate transcript and selected program option.
