

GEOTECHNICAL ENGINEERING MINOR

Developed in collaboration with Geosciences, this minor meets the needs of ME, MET, and Geoscience students interested in careers that are closer to Civil and Environmental Engineering. Based on feedback from Geotechnical Engineering firms, the curriculum is designed to provide the skill set they require.

Grade Requirements: Students getting a minor in the department must earn an average GPA ≥ 2.5 in all courses required for this minor (all courses in the list below).
