## VOCAL PERFORMANCE MAJOR, BACHELOR OF MUSIC (BM)

**Required:** Students must audition with the appropriate faculty and be accepted into a studio. Review the Music website for audition requirements.

In programs leading to the Bachelor of Music, the program provides thoroughly professional and supportive training, in addition to the breadth requirements set for the liberally educated student. This course of study presupposes that the student will have a strong background in musical performance, demonstrated in the entrance audition. The curriculum for voice majors includes performance experiences with choral, pedagogy, performance, opera, and music theater genres. This program leads to lucrative pathways in music careers spanning from studio teaching, choral conducting, performance, and studio recording.

## Grade Requirement for all majors offered by the Music Department:

the minimum acceptable grade for any music course required for graduation (including transferred music courses) is  $\geq$ C.

Application for Graduation (use EagleNET (https://inside.ewu.edu/ eaglenet/)) must be made at least two terms in advance of the term you expect to graduate (undergraduate and post-baccalaureate).

Use the Catalog Archives (http://catalog.ewu.edu/archives/) to determine *two important catalog years*.

Requirements in Degree Works (https://inside.ewu.edu/records-and-registration/degree-works/) are based on these two catalog years:

- a. The catalog in effect at the student's first term of current matriculation is used to determine BACR (Breadth Area Credit Requirements) and UGR (Undergraduate Graduation Requirements).
- b. The catalog *in effect at the time the student declares a major or minor* is used to determine the program requirements.

Students who earn a Bachelor of Music in Vocal Performance from EWU should be able to:

- perform music in public on the voice in a manner consistent with professional expectations through successful completion of juries, recitals, and vocal productions;
- demonstrate advanced competency in music theory through score analysis and compositional exercises;
- demonstrate advanced music aural skills through dictation and sight singing exercises;
- demonstrate advanced historical knowledge of music through writing research reports and exams;
- demonstrate fundamental music keyboard skills through successful completion of a piano proficiency exam;
- demonstrate competency in music conducting through successful completion of practical conducting assignments;
- apply music pedagogical principles to the primary instrument through successful completion of exams, research reports, and teaching demonstrations;
- demonstrate singing diction skills in target languages in a manner consistent with professional expectations through successful completion of diction performance assignments, translations, program notes, juries, recitals, and vocal productions.
