## Plan of Study

The following plan of study is for a student with zero credits. Individual students may have different factors such as: credit through transfer work, Advanced Placement, Running Start, or any other type of college-level coursework that requires an individual plan.

Courses could be offered in different terms, checking the academic schedule is paramount in keeping an individual plan current. **Students should connect with an advisor to ensure they are on track to graduate.**

All Undergraduate students are required to meet the Undergraduate Degree Requirements (<http://catalog.ewu.edu/undergraduate-degree/>).

This major requires the completion of the World Language requirement (<http://catalog.ewu.edu/undergraduate-degree/#worldlanguagetext>). Students pursuing a Bachelor of Arts (BA) degree must complete two years of a single language in high school or one year of a single language in college.

Application for Graduation (use EagleNET (<https://inside.ewu.edu/eaglenet/>)) must be made at least two terms in advance of the term you expect to graduate (undergraduate and post-baccalaureate).

Use the Catalog Archives (<http://catalog.ewu.edu/archives/>) to determine *two important catalog years*.

Requirements in Degree Works (<https://inside.ewu.edu/records-and-registration/degree-works/>) are based on these two catalog years:

- a. The catalog *in effect at the student's first term* of current matriculation is used to determine **BACR** (Breadth Area Credit Requirements) **and UGR** (Undergraduate Graduation Requirements).
- b. The catalog *in effect at the time the student declares a major or minor* is used to determine the program requirements.

**Students who earn a BA in Anthropology from EWU should be able to:**

- demonstrate basic knowledge in and integration of each of the four anthropological subfields: biological anthropology, archaeology, linguistic anthropology, and cultural anthropology;
- connect knowledge of anthropological theories and methods to trends within the discipline;
- address human problems using anthropological knowledge, methods, and theories;
- demonstrate anthropologically informed ethical reasoning that draws upon a social justice framework.
